## **WelcomeLink Opens Major New Document Processing Site in Southern Florida**

BOCA RATON, FL, May 12, 2004 – The nation’s largest processor of resale and disclosure documents for cooperatives, condominiums and homeowner associations has opened a major new document-processing site in southern Florida, the company announced today.

Executives of WelcomeLink, Inc., which serves more than half a million homes in thousands of residential communities nationwide, said the new customer site will serve the large base of residential communities in Boca Raton, Deerfield Beach and communities to the north. The new site is the second WelcomeLink processing site in the south Florida area. Another WelcomeLink site is located in the city of Hollywood, just south of Fort Lauderdale.

WelcomeLink, Inc., a subsidiary of Uhlig LLC, is the nation’s leading processor of resale and homeowner documentation for cooperatives, condominiums and homeowner associations.

Based in Overland Park, Kan., Uhlig LLC is a recognized national leader in the field of variable-content publishing. The company’s products and software systems are designed to bring the power of advanced publishing technologies to a wide range of critical business needs. Each day, thousands of businesses across the United States and Canada rely on Uhlig’s proprietary solutions to produce their complex legal, financial

and marketing documents – all delivered with unprecedented standards of quality, efficiency and flexibility.
